

# Finolex, MMF extend helping hand to Balasore victims

**F**inolex Industries Limited (FIL) and its corporate social responsibility (CSR) partner Mukul Madhav Foundation (MMF), an NGO, have taken up the initiatives to support people who have recently been affected by the train accident in Balasore, Odisha.

Finolex and MMF assessed the situation on the ground and came together to provide comprehensive support to the victims in Cuttack and also to those involved in treating the affected people. The area had a high concentration of patients. Food and clean drinking water were identified as key requirements and the company stepped ahead with this support. The foundation also reached out to the people in need at Cuttack Hospital and the trauma centre outside the region, wherein the relief efforts are still going on in the form of eatables and locally sourced meals.
